

Dave Schertzing has just completed a complete remodel of our master bathroom. This is the second project that Dave has completed for us.

In each project, Dave has impressed us with the professionalism, quality of work and his commitment to us, his customers. Each of the projects was completed on time and within budget. The quality of each completed project has been exceptional.

We would not hesitate to recommend Dave and his services to family and friends, and will contact Dave for any further improvements to our home.

Brian and Betsy Gallup
