To: All Whom are Considering a Project with David Schertzing
From: A Very Satisfied Customer!

A Punctual and Professional Perfectionist!

These are the words we use to describe the work ethic of David Schertzing. From start to finish, we are more than pleased with the work he performed on our remodeling project.

We had an idea on how to transform our master bathroom. We discussed it with David and within days he came back with a plan laying out the entire project. From demolition to reconstruction, he detailed the cost and timeline of plumbing, tiling, painting, installation and completion of the remodeling project. We are ecstatic with the result!

Throughout the project we found David to be both accommodating and efficient. He made wonderful suggestions along the way, many of which we agreed with. And he also offered quality recommendations on what suppliers to use for our project needs. We found everyone who was in our home to be professional and qualified.

David is a joy to have around! He is meticulous when it comes to wrapping up a days work. Your home will be treated with care and he always cleans up before he calls it a day.

We highly recommend David Schertzing for any project you might be considering. From remodeling to building a new home, he is definitely highly qualified.
