

Dear David Scherzing,

It is a pleasure to have worked with you during the construction of our new home. We are very thankful for all the support and good advise you have given us through this process.

It was 14 years ago that we asked you to build our first home, and we have never regretted it. There are not many people who have been through a building project that would have the same builder build them a second home. We are one of the few, and we have to give the credit to you, Dave, because you are a man of your word. You are trustworthy and committed to building a quality built home that you, as a contractor, take pride in. It has always been clear to us that your commitment is very sincere.

Thank you, again for taking on the responsibility of building our new home.

Sincerely,

*Larry & Diane Ranshaw*
