Dear David:

We would like to thank you for the beautiful job you did on our kitchen/family room remodel. We are amazed at how much larger and open the area looks. We have had nothing but positive comments from everyone who has seen the finished job. Also, the shelf you built under the cabinets is a big hit with everyone who sees it.

Thank you for your suggestions to choose a dark countertop and to eliminate the upper cabinets above the peninsula. Both suggestions made a big difference in the look of the kitchen area.

We were also very impressed with your subcontractors. They all did a great job, and they were friendly, professional, and neat. They all took great care to clean the work area at the end of each visit.

It was a pleasure to cook our Thanksgiving dinner in such a beautiful space. Thank you again for making it possible to actually enjoy cooking.

Sincerely,

John and Kathie Thomas
