

Dave,

I want to thank you for the fine work you and your sub-contractors did finishing our basement and building us a new, beautiful screened in porch. Although I was impressed by the references you provided, and you had been recommended to me by a family member who works in the flooring industry, I generally trust my own instincts and after meeting with you, both my wife and I were convinced you were the right contractor for our job and we continued to feel that way throughout the process. I may also note that your charges for our project were very much in line with other contractors that gave us bids.

We greatly appreciated your professionalism, as well as the professionalism of your crew. Everything was done right and on time, both which were very important to us. We also appreciated the fact that you stayed personally involved with the whole process from start to finish.

We remain very satisfied with the projects you completed for us and both the finished basement and the porch have definitely enriched our lives. We are totally satisfied with your work and would not hesitate to make you our contractor of choice if and when we may need contracting services in the future and we will certainly not hesitate to refer others to you.

Feel free to use us as references if needed. I would be happy to discuss your performance with any potential customers...

Take care Dave, stay safe sir!
