

I have waited 22 years for a new kitchen. We went from company to company to company.

The cost was unrealistic to us.

Our friend told us about Dave Schertzing. We talked to Dave; he came over and gave us a price, no pressure. All he said is when you're ready give me a call. His pricing was the best and affordable.

We called him, he had a designer come over and wow things started to happen. He had things so organized with demolishing to plumbers, electricians, cabinetry, flooring, painting, countertops. He said how long it would take and he even finished beforehand.

The one thing I can say is Dave is the most honest, trustworthy person. He will be returning for another remodeling to our home in the future.

Dave and crew, thank you for a job well done.
