

Hi Dave

We wanted to let you know how pleased we are with the quality and outcome of our bathroom and laundry remodel. We feel like we live in a different house! From the onset, you were clear on expectations and step-by-step timing, from start to finish. Your group of trade persons and companies were first class, had wide selections and always delivered as expected. The workmanship of Bill, on the trim and cabinet installation, was second to none. We very much appreciated your guidance while being onsite, and you were always a call away when needed. We loved your insight on the overall project and enjoyed our many conversations. I cannot recommend David G. Schertzing Builders, Inc. enough. We look forward to our next project.

Thanks,

Kevin and Tina Beachnau
